Operational Manual

1. Backlight

Press A for 3s

2. Real Time Setting

- a). Press C for 2s to time setting state and "Seconds" flashing, press D to set the seconds to 00. While the seconds are in the range of 30 to 59 it resets them to 00 and adds 1 to the minutes. In the range of 00 to 29, the minutes are unchanged.

Press B to select the time and date in this sequence:

Second ⇌ Minute ⇌ Hour ⇌ 12/24H format ⇌ Month ⇌ Day ⇌ Week

- b). Press D to adjust the flashing item
- c). Press C to return to Real Time Mode

3. Daily Alarm

Press D to turn on/off Alarm "AL" or Chime "CH"

Press and hold C for 2s to select "Hour" setting. Press B to select "Minute" setting. Press D to adjust.

If the alarm has been activated the signal will sound at the set time and "AL" will flash. The signal can be turned off by pushing C or it will sound for 20 seconds before it automatically stops.

4. Chronograph

- Press D to start and stop the chronograph. To return to 00 press C.
- Split counting: when running, press C. Press D to exit split count and stop counting. Press C for 00
- To see the time while the chronograph is running press B and return to the chronograph later.

5. Timer mode

- Press and hold C for 2s to time setting state and the "Hour" flashing. Press B to select "Hour" or "Minute" setting. Press D to adjust the flashing item. Press C to complete setting.
- Press D to Start/Stop the countdown. Press C to return to the starting value after stopping.
- The alarm sounds for about 10 seconds when counting down to 0:00:00 and then resets to its starting value.

6. Dual Time / T₂

- To display the Dual Time press D .
- To set T₂ press and hold C for 2s to select the "Minute" setting, Press to select the "Hour" setting. Press D to adjust the flashing item. Press C again to finish and return to Dual Time displaying mode.
